

ATOM GRIP FLYING ADAPTERS

The Atom Grip is a single point, tilt & swivel flying adapter which can be mounted to our Rental Frames, Plate Adapters or Portrait Adapters to create a versatile Projector Rigging Solution.

The Atom Grip offers a straight forward and practical solution to rigging projectors, with 25° of tilt and 360° of rotation.

All models are available in a Black or Silver finish and are compatible with Panasonic's ET-RFD91, ET-RFD21 and ET-RFD32.
